

PhysioLab

New Generation Physiograph

Biostar Physiolab is leading the way with the Next Generation in Teaching Medical Science. Hardware with 24bit ADC for perfect resolution and has wide input sensitivity to measure verity of signal without saturation.

ISO : 9001 : 2008
ISO Manufacturing: 13485:2003

Features

- BioChart Powerful Software
- AC, DC input Coupling
- External Triggering
- User Selectable Gain
- Sample rate selection
- Inbuilt Stimulator
- Isolation for human Safety
- Extendable Display

Technical Specifications

- Channel 3
- ADC 24 bit
- CMMR 115dB
- Connectivity USB
- Inbuilt Display TFT
- Sweep Speed 0.5 to 100 div/sec

Digital Physiograph

Biopotential Cable	BSPL500	
Phonocardio	BSPL501	
Stethograph	BSPL502	
Pressure Transducer	BSPL503	
GSR Probe	BSPL505	
Temperature Probe	BSPL506	
Photopulse Transducer	BSPL507	
*Isometric Transducer (0-300grms)	BSPL508	
*Isotonic Transducer	BSPL509	
*Volume Transducer	BSPL510	
*Hand Dynamometer	BSPL504	
EEG Electrode	BSPLA400	
ECG Limb Electrode	BSPLA401	

Note : Star marked Transducers are optional..

Biostar Healthcare Pvt Ltd

Plot No. 639-C, JLPL Industrial Park, Sector 82, Mohali (Punjab) India
